The Campaign

Vote for Ohio Kids is a statewide effort dedicated to ensuring Ohio’s next Governor will make investments in children’s early education and health a top priority. This initiative is led jointly by Groundwork Ohio, the Ohio Children’s Hospital Association, and Ohio Excels in partnership with business, healthcare, and early education leaders as well as child advocates from around the state. The Vote for Ohio Kids Leadership Forum on October 6 will provide a unique opportunity to bring together business, healthcare, and education communities across the state to dialogue with the gubernatorial nominees and seek a commitment to our kid-focused agenda. A variety of sponsorship opportunities with benefits scaled to your company’s needs and abilities are available.

Our Agenda:
On the tails of an unprecedented pandemic that has had far-reaching, negative impacts on the health and well-being of Ohio’s children and their families, it is more imperative now than ever that our state's leaders chart a path forward to both prevent and mitigate the impacts of the mental health crisis facing our youngest Ohioans. With 2022 Vote for Ohio Kids as a driving force, we must ensure that every child in our state could reach their full potential and have the services and supports they need to support their behavioral health needs.

Our Priorities to improve mental health and well-being and achieve improved outcomes for children in Ohio and their families are:

- Improving access to quality, timely health care.
- Providing access to quality early intervention and early learning opportunities to ensure students are ready for kindergarten.
- Promoting family resilience and safe, stable, and nurturing environments.
- Supporting economic stability and self-sufficiency.
- Developing an integrated child-serving prevention, health, and education workforce.
- Elevating and amplifying the voices of families.
